# In the Stacks

Belvedere  
Tiburon  
Library

**Make us part of your summer plans!** People of all generations gather at our library to enjoy vibrant programming, discuss the latest books and ideas, access technologies, and expand their horizons in a place that fosters human connection. Our community has grown by 10 percent, and programming has jumped to over 1,000 offerings per year. The library has been ranked among the highest in California for circulation, program attendance, and visits per capita. This issue of In the Stacks contains a wealth of information on our many summer programs—and how you can be part of our story.

## Volunteer Highlight

David and  
Mary Eklund

*How long have you been married, lived in the Bay Area, and volunteered at Corner Books?*

We have been married over 50 years (53 to be exact). We have lived in Tiburon 43 years, having moved from the East Coast. We have volunteered at Corner Books for about 7 or 8 years.

*As active community members, what other organizations do you volunteer for?*

David likes to garden, travel, and keep up with college friends, as well as family. He also keeps busy being on the Richardson Bay Sanitary District Board. I like to read, do ancestry, and plan travel with family and friends.

*What is the most satisfying part of your volunteer work?*

I like helping people find books or recommending good reads to them. David likes talking to old and new customers and helping with donations (those books can be mighty heavy).

*What do you like to do when you are not volunteering?*

We are now awaiting the arrival of four of David's fraternity brothers and wives for a four-day reunion. They are from the class of '59 and it is 59 years since they graduated.
