## A Season to Celebrate

As we head toward the holiday season and the end of a very eventful year, we would like to take a moment to thank all of our generous neighbors for making this the most successful year in the Library Foundation's history. Gifts to the Annual Fund broke all records - bringing in more than \$150,000 to enhance the Library's collections and services. And, support for programs and events like Blackie's Hay Day, the Teddy Bear Tea, and the Petrocelli Luncheon, as well as the Library Art Committee's Gently Used Art Auction and the Program Committee cultural series, ensures that our Library continues to be among the best in the nation. *Thank you!*

### Holiday Shopping

This season, you can do your holiday shopping in unique and creative ways, and support the Library at the same time - how sweet is that?

### Corner Books

Don't forget the greatest bargain in town. Be sure to visit our beautiful *new* shop in the Courtyard at the Boardwalk, and walk away

with an armload of good-as-new books and media, knowing that every purchase supports the Library.

### Wreath Silent Auction

The Bookmarks' annual auction takes a new turn as well - this year's showcase of original handmade wreaths will be on display at **Caffé Acri** (at Main St. and Tiburon Blvd.) from November 1 to 18. Come share a glass of wine and holiday goodies at the auction closing party from 4:30 - 7:00 PM on November 18, and take home a creative, fanciful masterpiece for the holiday.

### 26th Annual Petrocelli Luncheon

Don't miss this lively annual event on November 3 at the Corinthian Yacht Club, featuring the fascinating Elaine Petrocelli and her reading recommendations for everyone on your gift list. Tickets are on sale now at [www.beltiblibfoundation.org](http://www.beltiblibfoundation.org), or call Kelly at (415) 789-2665 ext. 2239. As always, tickets are expected to sell out quickly.

Because of you, the Library is our most important asset, welcoming and serving the community every day. It has grown into a true cultural and learning center - a hub of activity for all ages and interests - with programs, workshops, and celebrations of all kinds. No wonder a whopping 85% of residents own a Library card! So, as we go forward in this season of gratitude, we send you many thanks and warm wishes from the

Library Foundation

# Community ...

## Blackie's Hay Day

Families once again enjoyed a fun-filled day at Blackie's Hay Day on Saturday, September 26. This amazing yearly family event is the main fundraiser benefitting the children's and teen programs at the Library and is hosted by the Bookmarks, a volunteer group that has been supporting the Library for the past 21 years.

Under beautiful skies and perfect temperatures, this year's Blackie's Hay Day, reminiscent of a county fair, was complete with pony rides, bouncy houses, carnival games, a photo booth and live entertainment. The entertainment included headliner *James Garner's Tribute to Johnny Cash Band*, the Redwood High School boy band *High Tide*, and kid favorites *Daffy Dave* and *Furs, Tails & Scales!*

In a wonderful celebration of community, almost 200 volunteers joined Bookmark members and family members to bring Blackie's Hay Day to life. The Library's own Alicia Bell also tirelessly ran the children's story tent and was a judge at the First Annual Bake Off. Our terrific volunteers took care of over 2,000 visitors on Blackie's Pasture at the family carnival so that the reading and coding programs, puppet shows, homework sessions, teen lounge nights, magic shows and many more fabulous youth programs at the Library will continue next year.

Thanks to the funds raised by Bookmarks at Blackie's Hay Day last year, the library hosted the *Every Hero Has a Story* summer reading program, special performances and talks, including but not limited to: *Kids Hip Hop* by Alphabet Rockers, *Peter Pan* by Traveling Lantern, *Bay Area Wild* by Wildlife Associates.

To see an awesome video of this year's event, visit the Blackie's Hay Day page at [www.beltiblibfoundation.org](http://www.beltiblibfoundation.org). For more information about Bookmarks, see the Bookmarks page at the same site.

**Mary Defenderfer** was an avid and wonderful volunteer for the Belvedere Tiburon Library where she and her friend Ruth Carlson (our Dynamic Duo) ran the Program Committee for ten years. Mary was the

founder and lead volunteer of the monthly Afternoon Tea at the Library for nearly ten years, and the Tea is still one of the event highlights at the Library. Mary was full of love, warmth, energy, wit, sparkle, kick, integrity, kindness, generosity, enthusiasm, patience and gratitude. Teens have unique skills and talents and are assigned appropriate tasks – making posters, decorating the teen alcove, shelving books, assisting at Library events, and more, according to their capabilities and interests, empowering teens to contribute in meaningful ways.

Changes this year include a new schedule, enhanced training, a focus on goal-oriented tasks, and name badges so that teen volunteers can be recognized by patrons and peers. ## *The Martian* ONE BOOK ONE MARIN 2016

Andy Weir's acclaimed science fiction novel, *The Martian*, has been selected as the 2016 honoree for One Book One Marin. Now celebrating its 10<sup>th</sup> anniversary, One Book One Marin seeks to build a stronger, enriched community through community dialogue, and the exploration of literature and culture.

Popular across the United States and throughout the world, One Book programs take the idea of a localized book discussion club and expand it to cover a whole city or county. The Belvedere-Tiburon Library along with other city, county and college libraries of Marin, and community partners Book Passage and the Institute for Leadership Studies at Dominican University of California collaborate to bring Marin County readers stimulating programming and events related to the book throughout a three-month period, February - April, each year. All events are free and open to the public.

Winner of the 2015 Audie Award for Best Science Fiction, *The Martian* follows an American astronaut, Mark Watney, who through a series of tragic events, is left behind on the red planet, stranded and facing certain death. He must improvise in order to survive. The story is told mostly through Watney's log entries, chronicling his efforts to find a way to grow food, make water, and get himself off the planet. Interspersed among the log entries are sections told from the point of view of the NASA specialists back on Earth, who discover that Watney is not dead (as everyone assumed) and scramble together a rescue plan.

The Launch party at Book Passage on February 2, 2016 kicks off the celebration and introduces the author and programming events that take place during the months of February, March and April. Elaine Petrocelli, President of Book Passage, says "This year's selection is bound to inspire lively discussions throughout Marin. I'm delighted that Andy can participate in this year's program."

Launch Party  
Featured Speaker: Andy Weir  
Tuesday, February 2, 2016  
7:00pm at Book Passage  
51 Tamal Vista Blvd., Corte Madera

Most events take place at city and community libraries throughout Marin and are geared around themes of the novel. The One Book One Marin program will conclude with a special event on Wednesday, April 13, 2016, at Dominican University's Angelico Hall, featuring Andy Weir and KQED host Michael Krasny in conversation. Web site: [www.onebookonemarin.org](http://www.onebookonemarin.org)

### **About Andy Weir:**

Andy Weir was first hired as a programmer for a national laboratory at age fifteen and has been working as a software engineer ever since. He is also a lifelong space nerd and a devoted hobbyist of subjects like relativistic physics, orbital mechanics, and the history of manned spaceflight. Weir began writing science fiction in his 20s and published work on his website for years. His first work to gain significant attention was "The Egg," a short story that has been adapted into a number of YouTube videos and a one-act play.

*The Martian* is his first published novel. He wrote the book to be as scientifically accurate as possible and his writing included extensive research into orbital mechanics, conditions on Mars, the history of manned spaceflight, and botany. Originally published as a free serial on his website, some readers requested he make it available on Kindle. First sold for 99 cents, the novel made it to the Kindle bestsellers list. Weir was then approached by a literary agent and sold the rights of the book. The print version of the novel debuted at #12 on The New York Times bestseller list. The Wall Street Journal called the novel "the best pure sci-fi novel in years."

A film adaptation of the book, starring Matt Damon, opened in October, 2015.

## Sweet Streams

Many people prefer to access video and music content from the internet, streaming it to their mobile phones, tablets, and laptops and watching/listening wherever they happen to be. Streaming, of course, can only happen while you're connected to the internet – either through your wired home or business network, on a wireless network, or connected to your mobile phone's data system.

You probably know that the Library also provides many services for downloadable eBooks, eAudiobooks, and eMagazines which can be accessed while you're connected, and downloaded to your device. Once the content is downloaded, you can listen or read without being connected. For those interested in exploring our streaming services, we have the following:

**Access Video on Demand** – a source for over 23,000 free streaming, acclaimed documentaries, award-winning educational films, and helpful instructional videos. Watch Ken Burns' latest documentary on the Roosevelts, or Rick Steves' travel videos, or episodes from American Experience or Nova. While most of the content is documentary, Monterey Media provides small indie films. Explore these and thousands of other videos from PBS, BBC, National Geographic, A&E, and many more producers of quality programming.

### Alexander Street Music Online

This is a truly awesome collection providing streaming access to over 7 million tracks. *Music Online* provides coverage in breadth and depth across all the key musical genres:

- **Classical:** All major genres and time periods from medieval to contemporary, from choral works to symphonies, operas, and the avant-garde.
- **Jazz:** All major genres including vocal jazz, bebop, acid jazz, big band, modern jazz, and more.
- **World:** Music from 169 countries and more than 1,000 cultural groups.
- **American:** Country, folk, jazz, bluegrass, Western, old time, American Indian, blues, gospel, R&B, and shape note singing.
- **Popular:** Wide range of popular music from around the world that is not available in our genre-specific collections.

Both of these collections are available to Belvedere and Tiburon residents by connecting from the Library's website under our Go Digital tab and entering your barcode and PIN.
